BUG-OFF CONCENTRATED PRE-WASH AND BUG REMOVER

TYPICAL APPLICATIONS

BUG-OFF incorporates various penetrating surfactants and chelants to soften and remove bugs and road film.

DIRECTIONS FOR USE

BUG-OFF is a concentrated material and must be diluted before use. Liberally apply use-solution of **BUG-OFF** to heavily soiled areas. Allow solution to remain on surface to penetrate bugs and road film, but do not allow to dry. Rinse solution and debris from surface with fresh water.

BUG-OFF can be used for various cleaning applications, according to the following recommended dilution rates.

Conventional Application: Dilute 1/2 to 3/4 gallon of **BUG-OFF** with 15 gallons of water and mix gently. Consult your CH₂O technical representative for further recommendations based upon each particular application.

High-Pressure Preparation and Washing: Dilute 1 part of **BUG-OFF** with 200 parts of water.

Low-Pressure Presoak: Dilute 1 part of **BUG-OFF** with 40 to 60 parts of water.

FREE RINSING

Select wetting agents in **BUG-OFF** provide excellent lubrication and rinsing ability, yielding a streak-free shine.

SAFETY & HANDLING PROCEDURE

BUG-OFF is an alkaline surfactant and chelate solution. Safety glasses and impervious gloves should be worn when handling the concentrated product. Impervious gloves should be worn for prolonged or repeated exposure to product use-solutions.

PHYSICAL PROPERTIES

Appearance Purple Liquid
Odor Mild
Pounds per Gallon 8.6-9.1
pH of 1% Solution 10.0-12.0
Flash Point >200°F

Seller Warranty

CH₂O brand test reagent refills are available through your sales representative at no charge. Customers are required to confirm product compatibility via a control test for their specific application. CH₂O recommends that you perform regular/daily testing to control chemical levels and cycles of concentration within established limits. Additional tests may be performed at your request. Test reports reflect conditions at the point when the analysis was performed. Results will change over time and with varying operating conditions.

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose referred to in the directions for use when used in accordance with the directions under normal conditions. Buyer assumes the risk of any use contrary to such directions. Seller makes no other warranty or representation of any kind, express or implied, concerning the product, including NO IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS OF THE GOODS FOR ANY OTHER PARTICULAR PURPOSE. No such warranties shall be implied by law and no agent of seller is authorized to alter this warranty in any way except in writing with a specific reference to this warranty. The exclusive remedy against seller shall be a claim for damages not to exceed the purchase price of the product, without regard to whether such a claim is based upon breach of warranty or tort. Jurisdiction for any issues arising from or relating to this product shall be in the courts of the State of Washington and the venue shall be Thurston County. Any controversy or claim arising out of or relating to this contract, or breach thereof, shall be settled by arbitration in accordance with the rules and procedures as stated in RCW 7.06 and shall be binding upon both parties without right to appeal, and judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

Applies to all products sold by CH₂O, Inc., and is hereby communicated to all of its customers as a condition of sale. Use of CH₂O products is subject to the Standard Terms and Conditions as listed on CH₂O, Inc.'s website at: www.ch2o.com.
