**CHLOR-CLING 937**  
**HIGHLY CONCENTRATED, CHLORINATED PRODUCT**  
**PRODUCES A RICH, HEAVY FOAM UNDER LIGHT AIR PRESSURE**

**CONCENTRATED**

**CHLOR-CLING 937** is a high-foaming formulation, which produces 600 parts per million chlorine at a 50:1 dilution. This provides high-volume cleaning and optimum performance at a low-use cost.

**CONVENIENT**

**CHLOR-CLING 937** is dispensed through a Hydro or Lafferty foamer, which not only automatically dilutes it, but also produces the high foam characteristic required for optimum cleaning performance.

**FREE RINSING**

Selected surfactants and wetting agents in **CHLOR-CLING 937** provide excellent rinsing ability and rapid dissipation of foam.

**TYPICAL APPLICATIONS**

**CHLOR-CLING 937** is for use where dwell time is important or where the added boost of chlorine is required to remove grease, fats, oils, carbohydrates, and proteins. The high-density foam produced allows the various elements in **CHLOR-CLING 937** to remove soil deposits.

**GENERAL DIRECTIONS**

Dilute 35:1 to 50:1 with water or about 2.5 ounces per 1 gallon of water. Hydro Foamer No. 860 or an Omni Clean Unit is the most efficient and cost-effective approach for using **CHLOR-CLING 937**.

**SAFETY & HANDLING PROCEDURE**

Wear goggles and gloves when handling this product. Keep out of reach of children. Do not add any other chemical to either the diluted product or the concentrated product, unless under the recommendation of your CH<sub>2</sub>O Technical Representative.

**PHYSICAL PROPERTIES**

Appearance ..... Clear, Light Yellowish  
Odor.....Mild  
Foam .....High  
Rinsing Ability.....Excellent  
pH of Use Solution ..... 10.5-12.5  
Specific Gravity ..... 1.17-1.19

**PRODUCT pH INDICATOR**

**Seller Warranty**

CH<sub>2</sub>O brand test reagent refills are available through your sales representative at no charge. Customers are required to confirm product compatibility via a control test for their specific application. CH<sub>2</sub>O recommends that you perform regular/daily testing to control chemical levels and cycles of concentration within established limits. Additional tests may be performed at your request. Test reports reflect conditions at the point when the analysis was performed. Results will change over time and with varying operating conditions.

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose referred to in the directions for use when used in accordance with the directions under normal conditions. Buyer assumes the risk of any use contrary to such directions. Seller makes no other warranty or representation of any kind, express or implied, concerning the product, including NO IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS OF THE GOODS FOR ANY OTHER PARTICULAR PURPOSE. No such warranties shall be implied by law and no agent of seller is authorized to alter this warranty in any way except in writing with a specific reference to this warranty. The exclusive remedy against seller shall be a claim for damages not to exceed the purchase price of the product, without regard to whether such a claim is based upon breach of warranty or tort. Jurisdiction for any issues arising from or relating to this product shall be in the courts of the State of Washington and the venue shall be Thurston County. Any controversy or claim arising out of or relating to this contract, or breach thereof, shall be settled by arbitration in accordance with the rules and procedures as stated in RCW 7.06 and shall be binding upon both parties without right to appeal, and judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

Applies to all products sold by CH<sub>2</sub>O, Inc., and is hereby communicated to all of its customers as a condition of sale. Use of CH<sub>2</sub>O products is subject to the Standard Terms and Conditions as listed on CH<sub>2</sub>O, Inc.'s website at: [www.ch2o.com](http://www.ch2o.com).
