DYE INDICATOR WATER COLORANT

PRODUCT DESCRIPTION

DYE INDICATOR is a concentrated yellowish-green dye solution that is used to impart an appealing color to contained water bodies. It should not be applied to any water that is not under total control of the user, such as streams. It should not be applied to water that will be used for human consumption.

GENERAL DIRECTIONS

Inject directly into the closed loop system or add via a bypass feeder. The dye is designed for indicating purposes only. Color intensity should not be relied upon as a method of determining corrosion inhibitor or chemical treatment levels.

NOTE: The color imparted will slowly fade if applied to water that is treated with chlorine.

DOSE RATE

One gallon of **DYE INDICATOR** will treat up to 2,000 gallons of water. This dose rate may be incrementally increased to yield a deeper color.

SAFETY & HANDLING PROCEDURE

This product is a mild irritant. It is recommended that safety glasses and impervious gloves be worn when handling the concentrated product. Avoid spilling product as the concentrated dye solution will most likely stain the surface it contacts.

PHYSICAL PROPERTIES

Appearance Dark Greenish-Yellow
Odor..... Mild
Foam..... Very Low
Flash Point..... >200°F
Pounds per Gallon 8.3-8.7

Seller Warranty

CH₂O brand test reagent refills are available through your sales representative at no charge. Customers are required to confirm product compatibility via a control test for their specific application. CH₂O recommends that you perform regular/daily testing to control chemical levels and cycles of concentration within established limits. Additional tests may be performed at your request. Test reports reflect conditions at the point when the analysis was performed. Results will change over time and with varying operating conditions.

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose referred to in the directions for use when used in accordance with the directions under normal conditions. Buyer assumes the risk of any use contrary to such directions. Seller makes no other warranty or representation of any kind, express or implied, concerning the product, including NO IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS OF THE GOODS FOR ANY OTHER PARTICULAR PURPOSE. No such warranties shall be implied by law and no agent of seller is authorized to alter this warranty in any way except in writing with a specific reference to this warranty. The exclusive remedy against seller shall be a claim for damages not to exceed the purchase price of the product, without regard to whether such a claim is based upon breach of warranty or tort. Jurisdiction for any issues arising from or relating to this product shall be in the courts of the State of Washington and the venue shall be Thurston County. Any controversy or claim arising out of or relating to this contract, or breach thereof, shall be settled by arbitration in accordance with the rules and procedures as stated in RCW 7.06 and shall be binding upon both parties without right to appeal, and judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

Applies to all products sold by CH₂O, Inc., and is hereby communicated to all of its customers as a condition of sale. Use of CH₂O products is subject to the Standard Terms and Conditions as listed on CH₂O, Inc.'s website at: www.ch2o.com.
