

Food Safety Policy

CH₂O, Inc. manufactures and supplies a wide variety of products; many of which are used in agricultural and food processing applications. As such, we recognize the important role we play in the food supply chain. In integrating our quality, environmental, and food-related product programs we demonstrate our commitment to food safety. Products supplied to the food processing industry that will come into direct contact with raw agricultural commodities and/or potable water shall be identified and shall conform to specified requirements in order to ensure safe quality food products. CH₂O shall conform to all statutory and regulatory requirements as well as the needs of the customer.
