J-SEQUESTER CHELATION ADDITIVE

DIRECTIONS FOR USE

J-SEQUESTER is designed as an additive for assisting in the loosening and removal of mineral-based soils such as beerstone or milkstone. It is particularly effective in juice concentrators, keg washers, and any other process-cleaning task with baked-on or dried-on soils.

J-SEQUESTER is typically added to alkaline CIP solutions to enhance cleaning, although it can also be used to enhance the cleaning of foaming cleaners.

DOSAGE

J-SEQUESTER can be added at the rate of 0.25 to 2.0% based on the total volume of water. The exact dose will depend upon the severity of soils being removed. Consult your CH₂O representative for assistance in developing an effective program for your individual requirements. Final recommendations will be determined by on-site trial.

SAFETY

J-SEQUESTER is a mildly alkaline product. Improper handling can result in severe irritation and/or burns. Impervious gloves and safety glasses or goggles must be worn when handling the product concentrate.

Read and thoroughly understand the Material Safety Data Sheet before handling this product.

FEEDING TECHNIQUE

J-SEQUESTER IS A LIQUID, SO IT CAN BE PUMPED OR Poured. ITS USE CAN BE AUTOMATED BY USING A PUMP AND TIMER TO CHARGE BATCHES OF A GIVEN VOLUME. IT IS MOST OFTEN SLUG FED TO THE CLEANING SOLUTION.

PHYSICAL PROPERTIES

Appearance Yellowish Liquid

Foam None
Pounds/Gallon 10.4-10.9

Seller Warranty

CH₂O brand test reagent refills are available through your sales representative at no charge. Customers are required to confirm product compatibility via a control test for their specific application. CH₂O recommends that you perform regular/daily testing to control chemical levels and cycles of concentration within established limits. Additional tests may be performed at your request. Test reports reflect conditions at the point when the analysis was performed. Results will change over time and with varying operating conditions.

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose referred to in the directions for use when used in accordance with the directions under normal conditions. Buyer assumes the risk of any use contrary to such directions. Seller makes no other warranty or representation of any kind, express or implied, concerning the product, including NO IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS OF THE GOODS FOR ANY OTHER PARTICULAR PURPOSE. No such warranties shall be implied by law and no agent of seller is authorized to alter this warranty in any way except in writing with a specific reference to this warranty. The exclusive remedy against seller shall be a claim for damages not to exceed the purchase price of the product, without regard to whether such a claim is based upon breach of warranty or tort. Jurisdiction for any issues arising from or relating to this product shall be in the courts of the State of Washington and the venue shall be Thurston County. Any controversy or claim arising out of or relating to this contract, or breach thereof, shall be settled by arbitration in accordance with the rules and procedures as stated in RCW 7.06 and shall be binding upon both parties without right to appeal, and judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

Applies to all products sold by CH₂O, Inc., and is hereby communicated to all of its customers as a condition of sale. Use of CH₂O products is subject to the Standard Terms and Conditions as listed on CH₂O, Inc.'s website at: www.ch2o.com.
