LUME BRITE S

Contains No Hydrofluoric Acid!

DESCRIPTION:

LUME BRITE S is a non-hydrofluoric blend of acids and surfactants that effectively remove salts and rust.

Safer on glass and mirrors than hydrofluoric blends, **LUME BRITE S** will brighten and clean without the harsh acid.

DIRECTIONS FOR USE:

Use 1 gallon of **LUME BRITE S** per 70 to 100 gallons of water during the summertime and 1 to 2 gallons per 70 gallons of water in the winter.

Apply with wand, foamer or bucket and brush using a bottom to top pattern. Allow solution to penetrate soils for 2-5 minutes and then rinse well; do not allow it to dry in place.

SAFETY & HANDLING PROCEDURE

This is an acidic product. Exposure to the concentrate will cause burns; splash-proof eye protection must be worn while handling. Exposure to dilutions of this product may cause irritation and/or burning of skin. Refer to MSDS for complete safety and handling techniques.

CH₂O brand test reagent refills are available through your sales representative at no charge. Customers are required to confirm product compatibility via a control test for their specific application. CH₂O recommends that you perform regular/daily testing to control chemical levels and cycles of concentration within established limits. Additional tests may be performed at your request. Test reports reflect conditions at the point when the analysis was performed. Results will change over time and with varying operating conditions.

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose referred to in the directions for use when used in accordance with the directions under normal conditions. Buyer assumes the risk of any use contrary to such directions.
