M-202HD ALKALINE NEUTRALIZING DETERGENT

**Do Not PDF
Only print on request
(Delete this before print)**

TYPICAL APPLICATIONS

M-202HD incorporates penetrating surfactants, along with buffered alkalinity and glycol ether solvents to help soften and remove a wide variety of organic and inorganic soils. It is an extremely economical choice for use as the alkaline detergent in a two-step truck washing application.

DIRECTIONS FOR USE

M-202HD is a concentrated material and must be diluted before use. Apply use-solution of **M-202HD** to heavily all surface areas liberally. Allow solution to remain on surface to penetrate soil, but do not allow to dry. Rinse solution and debris from surface with fresh water.

M-202HD can be used for various cleaning applications, according to the following recommended dilution rates.

Alkaline Component of Two-Step Truck Washing: Add 5 gallons of **M-202HD** into 50 gallons of water and mix gently. Apply this dilution to truck surfaces through pressure washing equipment using a 1:25 dilution rate with water. Consult your technical representative for further recommendations based upon your particular application.

Cleaning engines, tires, whitewalls and rims: Dilute 2 to 4 quarts of **M-202HD** into 50 gallons of water and mix gently. Apply via pressure washer directly to surface to be cleaned.

Manual cleaning of general surfaces: Dilute 1 ounce **M-202HD** to 1 gallon of water.

FREE RINSING

Select wetting agents in **M-202HD** provide excellent rinsability, yielding a superior shine.

PACKAGING

M-202HD is available in 5 gallon buckets and in 55 gallon drums.

SAFETY & HANDLING PROCEDURE

M-202HD is an alkaline salt and surfactant solution. Safety glasses and impervious gloves should be worn when handling the concentrated product. Impervious gloves should be worn for prolonged or repeated exposure to product use-solutions.

PHYSICAL PROPERTIES

Appearance Orange Liquid
Odor Mild Glycol Ether
Pounds per Gallon 9.0-9.5
pH of 1% Solution 11-12.5
Flash Point >200°F

Seller Warranty

CH₂O brand test reagent refills are available through your sales representative at no charge. Customers are required to confirm product compatibility via a control test for their specific application. CH₂O recommends that you perform regular/daily testing to control chemical levels and cycles of concentration within established limits. Additional tests may be performed at your request. Test reports reflect conditions at the point when the analysis was performed. Results will change over time and with varying operating conditions.

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose referred to in the directions for use when used in accordance with the directions under normal conditions. Buyer assumes the risk of any use contrary to such directions. Seller makes no other warranty or representation of any kind, express or implied, concerning the product, including NO IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS OF THE GOODS FOR ANY OTHER PARTICULAR PURPOSE. No such warranties shall be implied by law and no agent of seller is authorized to alter this warranty in any way except in writing with a specific reference to this warranty. The exclusive remedy against seller shall be a claim for damages not to exceed the purchase price of the product, without regard to whether such a claim is based upon breach of warranty or tort. Jurisdiction for any issues arising from or relating to this product shall be in the courts of the State of Washington and the venue shall be Thurston County. Any controversy or claim arising out of or relating to this contract, or breach thereof, shall be settled by arbitration in accordance with the rules and procedures as stated in RCW 7.06 and shall be binding upon both parties without right to appeal, and judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

Applies to all products sold by CH₂O, Inc., and is hereby communicated to all of its customers as a condition of sale. Use of CH₂O products is subject to the Standard Terms and Conditions as listed on CH₂O, Inc.'s website at: www.ch2o.com.
