6666 WATER TREATMENT

APPLICATION

Product **6666** is a very effective, fast-acting polymer/chelant blend with added alkalinity builders for use in boilers as a general treatment, as well as to remove existing mineral deposits. Its outstanding ability to hold high concentrations of minerals in solution, makes it the outstanding choice as compared to other water treatment systems.

SAFETY & HANDLING

Product **6666** is an extremely alkaline product. Wear protective clothing and face shield when dispensing from container. Flush exposed skin with cold water immediately. Do not give emetics if ingested. Give 5 or 6 ounces of milk and contact a physician immediately.

FEEDING TECHNIQUE

Add directly to the boiler on a continuous basis by means of a chemical feed pump.

DOSAGE

Feed at the rate of 40 ounces per 1,000 gallons of raw water makeup.

CONTROL

Daily testing is recommended to maintain proper control. Failure to monitor and maintain treatment levels can cause damage. In addition to monitoring and maintaining treatment levels, it is the customer's responsibility to ensure the product is fit for its intended application.

PHYSICAL PROPERTIES

pH of 1% Solution	12.0-13.0
Pounds per Gallon	9.5-10.0
Physical Appearance	Brown Liquid
Odor.....	Mild
Flash Point.....	N/A

Seller Warranty

CH₂O brand test reagent refills are available through your sales representative at no charge. Customers are required to confirm product compatibility via a control test for their specific application. CH₂O recommends that you perform regular/daily testing to control chemical levels and cycles of concentration within established limits. Additional tests may be performed at your request. Test reports reflect conditions at the point when the analysis was performed. Results will change over time and with varying operating conditions.

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose referred to in the product data sheet. Buyer is responsible to ensure that products and product dosages are appropriate for Buyer's particular application. Seller makes no other warranty or representation of any kind, express or implied, concerning the product, including NO IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS OF THE GOODS FOR ANY OTHER PARTICULAR PURPOSE. No such warranties shall be implied by law and no agent of seller is authorized to alter this warranty in any way except in writing with a specific reference to this warranty. The exclusive remedy against seller shall be a claim for damages not to exceed the purchase price of the product, without regard to whether such a claim is based upon breach of warranty or tort. Jurisdiction for any issues arising from or relating to this product shall be in the courts of the State of Washington and the venue shall be Thurston County. Any controversy or claim arising out of or relating to this contract, or breach thereof, shall be settled by arbitration in accordance with the rules and procedures as stated in RCW 7.06 and shall be binding upon both parties without right to appeal, and judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

Applies to all products sold by CH₂O, Inc., and is hereby communicated to all of its customers as a condition of sale. Use of CH₂O products is subject to the Standard Terms and Conditions as listed on CH₂O, Inc.'s website at: www.ch2o.com.
