## SEPTI-ZYME SPECIALTY ENZYME PRODUCT

**SEPTI-ZYME** is a specialty enzyme product formulated for use as a drain opener. It liquefies most organic solids such as grease, fats, foods, sanitary napkins, towels, paper, etc.

Previously, the weakness of enzymes was that they take time to penetrate the hard crust of organic solids. We have solved that problem by adding special surfactants that enable the enzymes to easily penetrate the organic solids and liquefy them.

This unique combination of natural enzymes with the special surfactants yields the most effective and safest drain opener on the market. There are no added caustic or acidic materials, so the natural pH yields the ultimate in user safety as well as being harmless to plumbing systems.

### DIRECTIONS FOR USE

1. Simply pour 4 ounces of **SEPTI-ZYME** into stopped or slow running drain.
2. Allow **SEPTI-ZYME** to work for 2 to 12 hours.
3. Repeat treatments if necessary.

**NOTE:** If an acid or caustic drain opener has been used in a stopped-up drain, wait until most of it has gone down the drain before introducing **SEPTI-ZYME**. The presence of too much acid or caustic will prevent **SEPTI-ZYME** from working at its full potential.

### PHYSICAL PROPERTIES

Appearance ..... Opaque, White Liquid  
 Odor ..... Mild  
 Pounds per Gallon ..... 8.2-8.7  
 pH per 1% Solution ..... 6.5-9.0

TYPE OF DRAIN	USE	WAIT	THEN FLUSH
Toilet	1 Pint	2 Hours	Hot Water; 5 Minutes
Small Drain	1 Pint	2 Hours	Hot Water; 5 Minutes
3" to 4" Pipe	1 Quart	2 Hours	Hot Water; 5 Minutes
6" to 10" Drain	2 Quarts	2 Hours	Hot Water; 10 Minutes

### Seller Warranty

CH<sub>2</sub>O brand test reagent refills are available through your sales representative at no charge. Customers are required to confirm product compatibility via a control test for their specific application. CH<sub>2</sub>O recommends that you perform regular/daily testing to control chemical levels and cycles of concentration within established limits. Additional tests may be performed at your request. Test reports reflect conditions at the point when the analysis was performed. Results will change over time and with varying operating conditions.

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose referred to in the product data sheet. Buyer is responsible to ensure that products and product dosages are appropriate for Buyer's particular application. Seller makes no other warranty or representation of any kind, express or implied, concerning the product, including NO IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS OF THE GOODS FOR ANY OTHER PARTICULAR PURPOSE. No such warranties shall be implied by law and no agent of seller is authorized to alter this warranty in any way except in writing with a specific reference to this warranty. The exclusive remedy against seller shall be a claim for damages not to exceed the purchase price of the product, without regard to whether such a claim is based upon breach of warranty or tort. Jurisdiction for any issues arising from or relating to this product shall be in the courts of the State of Washington and the venue shall be Thurston County. Any controversy or claim arising out of or relating to this contract, or breach thereof, shall be settled by arbitration in accordance with the rules and procedures as stated in RCW 7.06 and shall be binding upon both parties without right to appeal, and judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

Applies to all products sold by CH<sub>2</sub>O, Inc., and is hereby communicated to all of its customers as a condition of sale. Use of CH<sub>2</sub>O products is subject to the Standard Terms and Conditions as listed on CH<sub>2</sub>O, Inc.'s website at: [www.ch2o.com](http://www.ch2o.com).
